The Board of Visitors of the Junior Certified School, Bellary which met in the school on 22-8-1939 expressed as follows

"The Board is of the opinion that in view of the number of boys doing weaving and the possibility of considerable sales, a second Weaving Instructor is necessary The Headmaster of the school who was asked to send detailed proposals on this subject says that when there was the shoe-making class in the school the number of boys attending the weaving class was only 30 to 35 but since the shoe-making class has been abolished in G.O. No.Ms.5090, Home Department dated 25-9-1939, the number has increased correspondingly. Please also see a copy of the statement furnished There is only one Weaving Instructor in the school for the present and it is impossible for a single Instructor to handle all the boys and to impart individual instruction to them in the manner in which they are expected to be taught. Moreover, as per Article 14 of the Code of Regulations for Industrial Schools "as a general rule, a teacher shall not be in charge of more than 20 pupils engaged on practical work at one time."

(P.T.O.)

2. The question of postponing the appointment of the additional Weaving Instructor for the present was also considered with reference to Confidential Memorandum No.38775 (B.G.)-3, Finance, dated 19-9-1939 but the Headmaster of the school definitely is of opinion that this should be considered as a special case in the interests of the pupils of the school who will be benefited by the instruction and in view of the fact that the Committee of Visitors themselves suggested this as very essential. If the employment of the additional Weaving Instructor is not sanctioned, the boys in the school will not receive any adequate training in this industry. (I)

3. I therefore request that Government may be pleased to sanction the employment of an additional Weaving Instructor on Rs.30/- per mensem in the scale of Rs.30-3/2-45 for the Junior Certified School,Bellary. The extra expenditure will be met from the sanctioned budget grant under the relevant head and reappropriated if and when necessary.

Memo. No.42632-2 dated 21/2/40

Children Act - Junior certified school, Bellary - Addl. weaving instructor - Appointment of. Refce. C.I.'s. letter No.2328/B2/39, dated 18.12.39.

The J.C.I. has proposed the appointment of an additional weaving instructor on Rs.30 a month in the scale of pay of Rs.30-3/2-45 in the Junior certified school, Bellary. As there is already a senior weaving instructor in the school on the same scale of pay, it has been suggested that it would be sufficient to sanction a lower time scale of pay, e.g., Rs.28-2/2-32-1/2-33, which is the scale allowed for weaving master, tailoring instructor and master tailor in jails, in case a time scale is considered really necessary. If not, a time scale is unnecessary, the post may be on a fixed pay of Rs.23 a month which is the minimum of the time-scale of Rs.23-45 sanctioned for certain teachers and instructors in certified

& think, if a time scale is necessary the appointment may be on a fixed pay of Rs 28 per mensem

~~schools~~. In either case it is considered sufficient to sanction the post temporarily for a period of one year to begin with.

The C.I. is requested to offer his remarks on the suggestions made above. His attention is invited to para 3 of his letter R.O.C.No.872-B3/38, dated 25.9.38 in which he proposed a fixed pay of Rs. 20 p.m. for an instructor to be posted in place of the weaving instructor of the school whom it was proposed to depute for training for six months.

HOME DEPARTMENT

C.No.42632G From the C.I. of Certified Schools, No.2328/B/39 dated 18-12-1939 & 9-1-39

CHILDREN ACT - Certified Schools - Junior Certified school, Bellary - Additional weaving instructor - Appointment of.

The C.I. has submitted proposals for the appointment of an additional weaving instructor in the Junior Certified School, Bellary. It is stated that the strength of the weaving class in the school has increased on account of the abolition of the shoe-making class, and that, therefore, it is found impossible for a single instructor to handle the whole class. The present strength of the weaving class is 91 against a total strength of 378 in the school.

~~In this connection it may be noted that~~ the C.I. submitted proposals for (1) the overhauling of the existing equipment of the weaving department in the school, (2) the purchase of new looms and vats and (3) the deputation of the weaving instructor of the school for training for six months in the Govt. Textile Institute at Madras. The strength of the class was reported to be 30-35. The proposal was considered by Govt. along with Part II schemes for 1939-40, but it was not included in the list of schemes accepted by the Cabinet. The C.I. was informed ~~accordingly~~. The proposal was not, however, resubmitted by the C.I. for consideration as a Part II scheme for 1940-41 presumably because of the instructions in the Finance Memo No.38775 B.G.3 dated 19-9-39. It is presumed that the increased strength of the class will not necessitate the immediate overhauling of the equipment etc.,

3. Of the 91 pupils now attending the class, 49 boys attend the morning session and the remaining 42 attend the evening session. The ~~Visiting~~ Committee

Visitors of the school have expressed the view that an additional weaving instructor is necessary for the school. The shoe-making class originally consisted of ~~30 to~~ 35 pupils. It subsequently dwindled to 10 and the decline in strength was attributed by the C.I. to the dislike of some of the boys and their parents to this particular industry. The class having been abolished, the weaving class has gone to more than double its original strength. Presumably some pupils besides those who were originally in the shoe-making class have joined the weaving class. It is not likely that this class will go down in strength, as the sentimental objection (on the ground of infra dig) which apparently led to the lowered strength and the eventual abolition of the shoe-making class will not apply to weaving. As the class appears to be popular and in view of the provision regarding the relative strength of staff to pupils (one for every 20 pupils), it is for consideration whether the C.I's proposal may be accepted., If so, the post may, for the present, be temporary and in the minimum of the time-scale of Rs.30-3/2-45.

4. Finance may see for remarks.

I presume that when the shoe-making class was abolished, a post of instructor was abolished with it? If so, the proposal is merely to replace one kind of instructor by another

23/1

'A' in the U.S' note on p.2 ante

A professional Chuckler on Rs 20/- a month was employed in the shoemaking class of the School. The post was abolished on 31-10-1939.

The pay proposed for the Addl weaving instructor is Rs 30/- p.m - the minimum of the time scale of Rs 30-3/2-45.

The proposal is to replace one kind of instructor by another with an increased pay

The C.I's proposal may be accepted in this dept

There is an increase of Rs 10 p.m. as between the old shoe making class & the augmented weaving class, but the appointment is necessary.

Finance

Finance (E.I.)

The proposal of Home to sanction the appointment of an additional weaving instructor on Rs. 30-3/2-45 (av. 39) in the Junior Certified School, Bellary involves an extra recurring cost of Rs. 468/- per annum.

In the circumstances explained in the Chief Inspector's letter in the current file, the necessity for the proposal may be admitted subject, however, to the following remarks:-

It is proposed to sanction a scale of Rs. 30-45 for the additional post. There is already a senior weaving instructor in the school on Rs. 30-45 and it seems sufficient to sanction the additional weaving instructor on a lower rate. In his letter dated 25-9-1938 submitted in connection with a proposal to depute the existing instructor to Madras to get himself acquainted with modern weaving appliances, the Chief Inspector stated that it would be possible to secure a substitute in his place on Rs. 20/- p.m. Having regard to this and the rate of pay obtaining for certain teachers and instructors in certified schools, viz., 23-45, it is for orders whether Finance may suggest that it is sufficient to sanction the additional post on Rs.23/- p.m. temporarily for a period of one year to start with. As the proposal is due to normal increase of work and the extra cost involved will be within the limit of Rs. 2,500/- per annum, it is unnecessary to treat it as a Part II scheme -- c.f. also portion K of the Home Department's note on page 1 ante.

It is not clear from the Finance Dept's note whether, in case this dept agrees to a fixed rate of pay, he would agree to the minimum of the scale ~~of~~ suggested by them, viz, Rs 28 or whether he endorses the Finance Dept's suggestion that a fixed pay of Rs 23 should be given. The latter has been suggested in the draft memo as an alternative. On receipt of the C.I's reply the file may be taken up in consultation with Finance.

Note

The C.I. has stated that the strength of the weaving was only 30-35 when there was a shoe-making class in the school, and that since the shoe-making class was abolished the strength has increased. It may be noted that the strength of the shoe making class at the time of its abolition (Sept '39) was only 10 Perhaps the strength of the weaving class is only 49 This may, however, be definitely ascertained.
